Degrees

Ph.D., Philosophy, Princeton University, 1993
M.A., Philosophy, Princeton University, 1990
M.A., Philosophy, University of Western Ontario, 1987
B.Sc. (Hons.), First Class Honours in Statistics and Mathematics, Univ. of Melbourne, 1982

Appointments

Australian National University Research School of Social Sciences	Professor, commenced 2005
Sun Yat-Sen University (Institute of Logic and Cognition)	Visiting Professor, 2007
Singapore Management University	Visiting Professor, 2005
California Institute of Technology (Division of Humanities and Social Sciences)	Associate Professor, 1995 - 2004 (tenure awarded March 1998) Assistant Professor, 1992 - 1995
Auckland University (Dept. of Philosophy)	Visiting Associate Professor, 2000
Massachusetts Institute of Technology (Dept. of Linguistics and Philosophy)	Visiting Assistant Professor, 1995
University of Melbourne (Dept. of History and Philosophy of Science)	Lecturer, 1990

Areas of Specialization

Foundations of Probability, Decision Theory, Philosophy of Science, Epistemology, Philosophical Logic

Areas of Competence

Metaphysics, Logic, History of Modern Philosophy, Philosophy of Religion, Philosophical Methodology

Prizes and Honours

2009	Elected President of the Australasian Association of Philosophy
2007	Elected Fellow of the Australian Academy of the Humanities

2004 American Philosophical Association Article Prize for “the best article published in the previous two years” by a “younger scholar”, for “What Conditional Probability Could Not Be”

The Philosopher’s Annual selection of “Waging War on Pascal’s Wager” as one of the ten best articles in philosophy in 2003.

Teaching Award (Associated Students of California Institute of Technology)

1991 Porter Ogden Jacobus Fellowship, Princeton University
The highest honorific fellowship awarded by the Graduate School, given annually to the student who, in the judgment of the Princeton University faculty, displayed the highest scholarly excellence among all Princeton graduate students, irrespective of department

Whiting Fellowship

1985-86 Special University Scholarship, University of Western Ontario

1982 First Place and Dwight Prize for Statistics, University of Melbourne

Grants

2009 Australian Research Council Discovery Project grant (\$283,000)

2006 Australian Research Council Discovery Project grant (\$160,000)

2002 Center for Philosophy of Science Fellowship, Pittsburgh University

Center for Theology and Natural Sciences, Science and Religion Course Program, Course Prize (US \$10,000)

In preparation

1. Books

- *Arrows and Haloes: Probabilities, Conditionals, Desires and Beliefs*, to be published by Oxford University Press.
- *Most Counterfactuals Are False*. Draft of monograph available at <http://philrsss.anu.edu.au/people-defaults/alanh/>
- *On Uncertainty: The Philosophical Foundations of Probability Theory*
- *Conditional Probability As a Guide To Life*
The latter two manuscripts currently exist in the form of extensive lecture notes (400+ pp.) from my courses *Philosophy of Probability*, and *Scientific Reasoning: The Bayesian Approach*, and they will include material from many of the above papers.

2. Articles

- "Probability" (with James Hawthorne), invited contribution to the *Handbook of Philosophy of Science*, ed. Lawrence Sklar, Oxford University Press, 2009.
- "*p* and I Have Absolutely No Justification for Believing that *p*" (with John M. Williams)
- "A Puzzle About Partial Belief"
- "Symmetry is the Very Guide of Life"
- "Review of *Formal Philosophy*", edited by Vincent Hendricks.
- "Trading Up"(with David Dowe).
- "Moral Uncertainty" (with Andy Egan).
- "Declarations of Independence" (with Branden Fitelson).

Selected talks and presentations

Unless otherwise specified, these talks were given at the Philosophy Departments of the respective institutions.

- 2009 • Keynote address at the Probability Conference, London School of Economics, June: "All Values Great and Small"
- Keynote address at Epistemology of Religion conference, Leuven University, June: "Blaise and Bayes"

- Keynote address at Kline Conference, University of Missouri at Columbia, September: “All Values Great and Small”
 - Keynote address at Conditionals and Conditionalization conference, Leuven University, September: “Most Counterfactuals Are False”
 - Keynote address at Foundations of Uncertainty: Probability and Its Rivals conference, Academy of Sciences of the Czech Republic, September: “Arrows and Haloes: Probabilities, Conditionals, Desires and Beliefs”
 - Professor, Summer School on Conditionals at Central European University, Budapest, August 2009. Lectures:
 - “An Opinionated Guide to Probability”
 - “Probabilities and Conditionals”
 - “Most Counterfactuals are False”
 - “A Poisoned Dart for Conditionals”
 - “All Values Great and Small”
 - Causation and Decision Theory Workshop, Centre for Time, University of Sydney
 - Nottingham University
 - “Declarations of Independence”, American Philosophical Association meeting, Pacific Division (Vancouver)
 - “Philosophical Heuristics”
 - University of St. Andrews
 - University of Missouri at St Louis
 - “Most Counterfactuals Are False”
 - University of Queensland
 - Leeds University
 - Oxford University
 - Washington University
 - “A Poisoned Dart for Conditionals”
 - Australasian Association of Philosophy, Melbourne
 - St Louis University
 - RSSH seminar, Australian National University
- 2008
